## Friends of Nursing

**Methodist Healthcare System recently created Friends of Nursing, a member-supported organization that promotes excellence in nursing at Methodist Healthcare. Friends of Nursing is a groundbreaking program which provides nursing staff with a cooperative spirit and the the essence of community.**

**The program has seen significant positive response throughout each facility, with a large number of physicians and board members signing on as founding members.**

**The funds that are generated through Friends of Nursing are used to recognize, support and educate nursing professionals within the organization. This system-wide program demonstrates our physician and board commitment to our nursing staff.**
